

TuBAR

One tough lock.
Unlimited applications.

Every high security TuBAR lock offers:

- ◆ Hardened steel barrel, composite keyway and dual side bar mechanism assure maximum protection against forced entry. Virtually impregnable to pulling, punching, drilling and other common physical attacks.
- ◆ Unique keyway with no key blanks or key machines commercially available.
- ◆ Registered key series for each customer.
- ◆ Replacement keys only available by signature through the factory.
- ◆ Keys sold separately, and locks are factory re-keyable.
- ◆ Popout lock meets NAMA t-handle dimension standards in vending machines.
